

Tubular Heater

DHE® Tubular Heaters designed for higher temp. air, mould plates, Ovens, Bakery Machines and for printing of Plastic, Paper & Non-Woven Bags, Machines at variable temperature in hot air ducts.

Technical Specification

Material	: SS 304, SS316, Incoloy 800,
Conductor	: Ni-Cr 80/20
Insulation	: High purity siliconised Mgo
Voltage	: 110V / 230V / 380V / 415V
Resistance tolerance	: $\pm 10\%$
HV tolerance	: $0.01\text{mA}@1500\text{V}$
Megar	: $>20\text{M}\Omega - \infty$
Max Temp.	: 500°C
Test Certificate	: Available on request

Available Size:

$\varnothing 5\text{mm}$, $\varnothing 6\text{mm}$, $\varnothing 8\text{mm}$,
 $\varnothing 11\text{mm}$, $\varnothing 12\text{mm}$, $\varnothing 14\text{mm}$,
 $\varnothing 16\text{mm}$, $\varnothing 18\text{mm}$, $\varnothing 19\text{mm}$
